

WELCOME TO BUG TRACKING SYSTEM

SECTION :

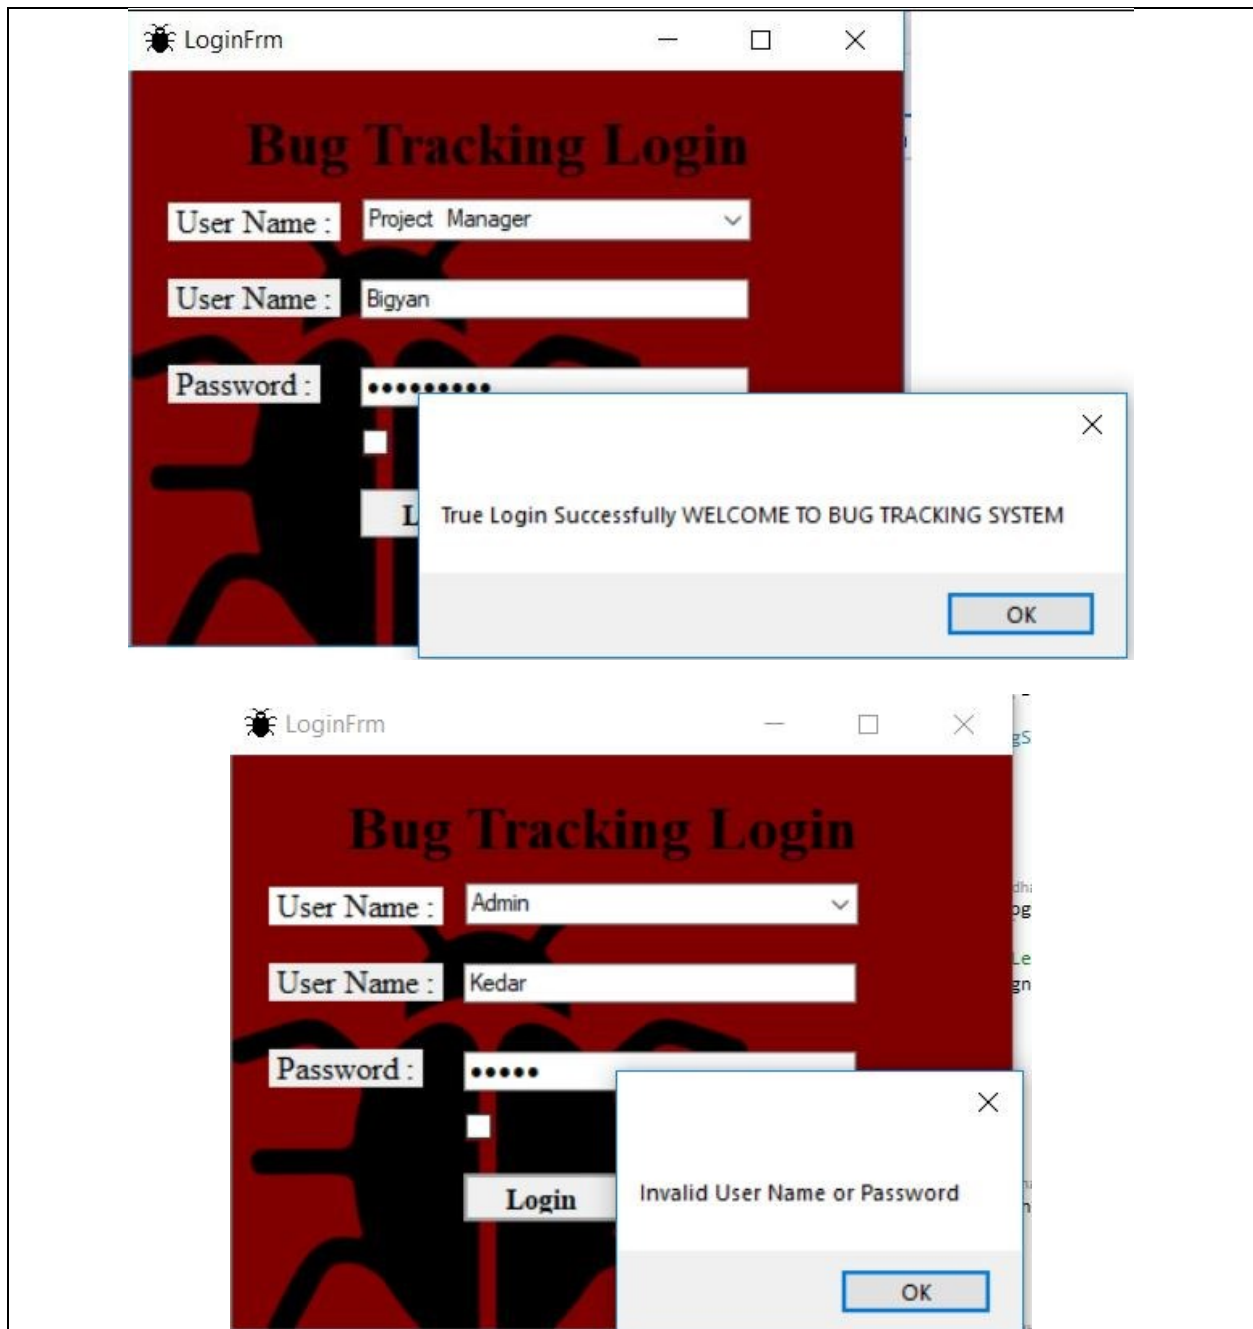

1. Login
2. Manage User Role
3. Manage User
4. Manage Member
5. Manage Project Member
6. Project Management
7. New Bug Register
8. Bug Solution
9. Search History
10. Connect BitBuckect

Follow the instruction which is mentioned for each section separately to add, update and Delete at below.

1. Login Form
 - First of all, you give your username and password which is already created from Manage User
 - If not created contact to your administration to create your username.
 - Enter the valid user name and password
 - Enter the Invalid user name and password then Pop up Message

The screenshot shows a window titled "LoginFrm" with a bug icon. The background is dark red with a large black bug silhouette. The text "Bug Tracking Login" is at the top. Below it are two "User Name" labels: the first is next to a dropdown menu showing "Project Manager", and the second is next to a text box containing "Bigyan". Below these is a "Password" label next to a text box filled with dots. At the bottom are two buttons: "Login" and "Connect to".

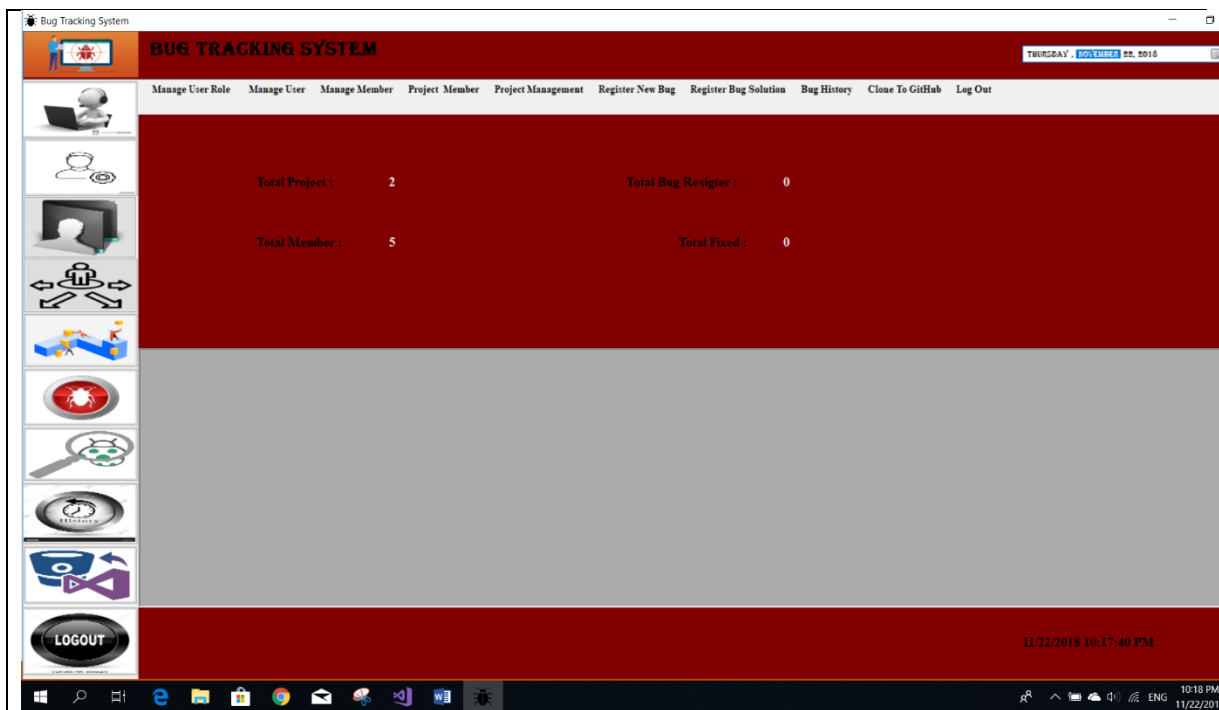

2. Main Form

The Proper login to Login Form takes you to the Main Form. It is menu from which consists of section option and Help

- Click on the Manage user role and click on manage user Role to Enter the Manage User Role Section
- Click on the Manage user and click on manage user to enter the Manage User Section
